The cost of a statewide primary 184,000 POUNDS has proven almost prohibitive and has proven almost prohibitive and very frequently it has resulted in the nomination of weak candidates. So an old-fashioned state convention seems to be certain for the next state nomination to endeavor to pick the strongest

WHO CAN AND WHO NOT VOTE IN PRIMARY

At the request of candidates and voters, we state briefly who

No Republican can vote and no Democrat who did not support the whole ticket last November can vote. The same qualifications as general election prevail otherwise: one must be a resident of the state one year, county six months, and precinct sixty days, and be at last 21 years old at the time of voting.

There are women who are well known democrats, of democratic families, who expect to affiliate with the democratic party, but who failed to vote last fall-some for lack of means to get to the polls, absence from home, sickness and other valid reasons. All such known to be of democratic belief, are entitled to be voters in the primary.

There is an affidavit which any voter must sign stating that they are democrats and have the other legal qualifications as stated here tofore. Any officer or challenger has a right to compel any voter to sign up before voting if they doubt his qualification.

No mixed tickets voted last fall entitle a voter to participate in either a democratic or republican

The law is very plain, short and simple. If you voted any ticket except straight democratic last fall, you are ineligible to vote in August. If you did not vote in November for any good reason and if you are a democrat, you are entitled to vote.

No one can vote by mail in the lugust primary. Absent voters vote by mail only in November elections.

There is a penalty for voting vhen not entitled to; people not entitled to vote must not vote in this primary

Religious Statistics In Mountains (By Associated Press)

Louisville, Ky., July 25-The Disciples of Christ, or Christian church, now have 28,800 members in the Kentucky mountains, according to the Oneida Mountainer, which bases its figures on the basis of the last report of the government religious census of 1910. This church is second to he Baptist denomination, which eads with 39,700, the paper says.

The 178 mountain counties in the Southern mountain region with a total population of 3,339,-000, has a total religious membership of 972,800, the report, says, of which 48 per cent are Baptists. The Methodists, with 31 per cent, the Presbyterians with six and the Disciples with five per cent, have the majority of the others.

Every Democrat Should Vote For Willis Kennedy

As the date of the Democratic Primary draws nigh, the voters of Madison county became more and more interested in the candidates who shall be voted on to fill county and state offices, when they think of the man who shall be their next Representative, the name of D. Willis Kennedy is at once suggested to their minds, for he is a thorough-going, capable and well qualified man to represent the people at the state capital, and in whom the utmost confidence can be placed.

In the history of every town, county and state, the man has been invariably suggested to the people as the "the right man at the right time," and as this applies to matters political, possibly, more than in any other vocation, calling or profession, it would seem to be espec-

ially apropos in this instance. To have a capable and efficient man as your Representative is a most important matter. In the selection of the candidate the voters cannot be too careful, or discriminating. He should be a man worthy of the office to which he aspires; a man honest, clean and vigorous, whose interests are your interests, and who would serve you to best of his ability at all times.

In a few words this sums up the qualifications of the man who is asking your vote and support at the polls on Saturday, August 6, for Representative in the State Legislature.

Mr. Kennedy was born and reared in Madison county, coming to Richmond about 25 years ago where he has since lived, excepting the time he spent in the cause of his country; first, the Mexican border trouble, and lastly the World War, where he saw service almost thruout the entire hostilities. He was courageous when his country needed him, and you can depnd on it that he will be equally as courageous in advocating measures in the legislative halls at Franfort that affect Madison county.

He returned from overseas in January, 1919, and during the month of April, 1920, he embarked in the produce business, and has been engaged in it continuously since that time. He is, therefore, well known to the citizens of Madison county; as much so, in fact, as any man' in'Madison no doubt, as his daily transactions have brought him in touch with hundreds of farmers who reside in every section of the county, and no one can say aught against the character, integrity or straightforward business methods of Willis Kennedy. He knows the farmers' needs, possibly, better than they know their own needs for he has made a study of conditions throughout the country and is in position to represent them, as few men can.

His platform is in the interest of Madison county, and the voters who shall chose him as their Representative. He would assume his duties unhampered, and work unceasingly for the betterment of the county, protecting her interest at every turn. He has no pet schemes but his entire time would be given to the cause of the people who elected him, and it would be for them that he would work with all the vim and vigor of his young manhood to reduce taxes and make the state government more economical.

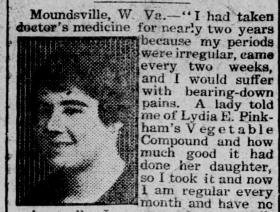

If the voters will turn out on the day of the primary and give Willis Kennedy a majority, in the primary and then elect him to the State Legislature, it is a safe prediction that no one will ever have occasion to regret his or her vote in his behalf.

A more worthy, conscientious and loyal representative could not be selected. He is ready and willing to serve the people of Madison if they want him. It would be for their interests that he would neglect his business and devote his time to the service.

A business man is needed in all law-making assemblages. In the person of Willis Kennedy the county will not only be represented by a successful business man, a christian gentleman, and a courageous soldier in the great war, but one who is conversant with the conditions that exist in Madison county, the farmers' needs and the necessity for reduction of taxes. Willis Kennedy will make a Representative that will restore that prestige in the legislature that old Madison enjoyed in other days.

10 A. M. RAIN OR SHINE ON THE PREMISES

To divide the estate of the late Dr. John W. Maupin, the heirs there to have placed in our hands the farm containing 105 acres more or less, and situated on the Menalus pike, 8 miles south of Richmond, 7 miles north of Berea. This tract of land is bounded on the north by lands of Mr. John Hendren; on the south by the Menalus pike; on the east by Mr. John W. Ballard and on the west by Adam Smith, and one and one-half miles from two railroad stations-White's Station and Silver Creek-where you will find good schools, churches, stores, and a ready market for your local farm products; 6 miles from the thriving little town of Paint Lick.

The improvements consist of a very substantial brick residence of eight rooms, 2 halls and porches; beautiful lawn with plenty of shade, small orchard, good garden, cistern at door, and outbuildings. Fences good. DESCRIPTION OF LAND -

This farm has long pike frontage on Menalus pike, and lays in almost a square; 35 acres under cultivation this year, the balance in blue grass sod, six acres in bottom land. The one thing about this land is that it is all good—no waste land. Every inch of this land will produce and produce sufficiently to net you an income, not just a mere living. When we say Good Land we mean Good Land, and there is none better than this. If you doubt this we can in 40 minutes prove to you we are right. There are 150 big walnut trees standing on this farm. That is a good indication of good land, well watered by Moore and Silver

Terms-10 per cent to be paid on date of sale; 23 1-3 at time of execution of deed, and balance in three equal annual payments, 1, 2 and 3 years, with 6 per cent interest and lien retained to secure the payments of same and the usual precipitating clause to apply. These terms are liberal; your opportunity to buy a farm and pay for it from the proceeds of your farm and you can do it with good land like this.

Possession will be given in thirty days, but the right of ingress and egress will be retained until the growing crops are disposed of, but the right will not be exercised to hurt of damage the purchaser.

IMPROVEMENTS

By calling at our office we will be glad to show any prospective buyer over the farm before date of sale.
